MAR 4 RECD

Gentlemen:

On January 28th I wrote requesting a kit containing material for National Coin Week, but so far have only received the "Guidelines for Completing Activity Report". I still need the material requested: two Governor Proclamations, five Mayor Proclamations, a few spot radio announcements, and examples of any other material you might have.

I also noticed that for Coin Week a few years ago our club gave medals on the occasion to the governor and some of the mayors. Do you have these available again? If so, please forward information about it.

Yours truly,

Stanley H. Weinberg
